Meeting Notice 1 **Date: 1st July, 2019**

In consultation with the Principal, Chairperson of the IQAC of this institution, I am to invite you to the 1st meeting of the IQAC of 2019-20 academic session on 8th July, 2019 at 3.00 P.M at the College Conference room of the institution to discuss matters relating to academics of the College as per the following:

A.1. AGENDA OF THE FIRST MEETING:

A.1.1. Confirmation of the draft minutes of the last meeting dated 22nd April' 2019

A.1.2. To discuss Action Taken Report of the last meeting of IQAC.

A.1.3. To review the academic program of 2018-19.

A.1.4. To fix the plan for the prospective conduction of seminars and workshops for the academic year 2019-20.

A.1.5. To adopt strategies for better placement of the students.

A.1.6. To propose a plan for the Induction program for the new 1st year students joining the college on & from 1st August' 2019.

A.1.7. Miscellaneous.

Co-ordinator

IQAC

Phone/ Fax- (033) 2363 2072, Website: www.gcect.ac.in

Resolution of IQAC meeting held on 8th July, 2019

R.1. RESOLUTION:

R.1.1. The draft minutes of the last meeting were confirmed without any alteration.

R.1.2. Action Taken Report:

Agenda Number	Agenda	Action Taken
1	To consider the Action Taken Report of the last IQAC meeting held on 22nd April' 2019	No further action needed to be taken
2	To review the academic activities of Academic Calendar of 2018-19	In accordance with the requirement of internships of outgoing 3rd year B. Tech students, few adjustments were made in examination schedule
3	Introduction of MOOCS	• Internal teachers have been attached as facilitators in MOOCS • Some teachers conversant with respective MOOCS were assigned the task of acting as facilitators • Specific class slots were provided in 1st year class routine for discussion on MOOCS
4	To improve visibility of the blackboard by the students and creation of better presentation facility by the institute for the teachers inside the classroom	• Raised platforms have been constructed • Podium and sound system with speaker have been provided
5	To create groups among the students of 1st year for AY 2019-20 headed by teachers to address the various problems faced by the students, in order to orient them with the new environment of the institute	Faculty members' names were decided to fulfill the task
6	To modernize the existing Language Lab of the institution for better communication and presentation facility	Language lab has been refurbished in accordance with the need

7	To make arrangement for admission of male students in the newly constructed Students' Hostel	Students were admitted in the hostel after creating all the necessary infrastructure

R.1.3. On analysis of the effect of implementation of the new Academic Regulation, it has been found that there have been marked improvements in the following areas:

- The results publication has been made much more transparent and student – friendly by making provision of viewing answer scripts by the students after evaluation by the teachers in order to do away with any error that might have occurred during evaluation.
- As a result, there is appreciable fall in review applications by the students.
- Implementation of continuous evaluation system in laboratory papers has been made much more effective by making provision for assessment of performance experiment wise just after the completion of the experiment, leaving no scope for the student to make claim for any change in his/her marks ear-marked for that particular experiment at a later date. This has made the students more attentive and disciplined in practical classes.
- Involvement of external examiners have been greatly reduced without compromising the quality of the evaluation process.

R.1.4. Individual departments were asked to prepare their plan to fix up a schedule for conduct of seminars/workshops in respective fields spread out throughout the entire academic year judiciously. They were also advised to see that at least one such program be organized in a semester.

R.1.5. i) Each department was advised to organize sessions for Mock interviews in order to enhance soft skill of the students.

ii) The departments were also required to communicate with the prospective employers with impressive presentation of college profile containing accomplished alumni database and the skills acquired by the present students in related fields.

R.1.6. i) It was proposed to invite experts from the following fields as outlined below:

- Spiritual
- Relevant technology
- Yoga
- Motivational

- Entrepreneurial

  ii) It was proposed to take the freshers to different industries for familiarization.

  iii) Bridge courses on Physics, Chemistry and Mathematics were planned.

R.1.7. Miscellaneous:

- Teachers were advised to prepare their API periodically.
- Teachers who are eligible for promotion under CAS were advised to apply in time

As there were no more matters to discuss, the meeting ended with vote of thanks to the Chair.

Meeting Notice 2 **Date: 26th August, 2019**

In consultation with the Principal, Chairperson of the IQAC of this institution, I am to invite you to the 2nd meeting of the IQAC of 2019-20 academic session on 4th September' 2019 at 3.00 P.M at the College Conference room of the institution to discuss matters relating to academics of the College as per the following:

A.2. AGENDA OF THE SECOND MEETING:

A.2.1. Confirmation of the minutes of the 1st meeting (2019-20) of IQAC held on 8th July' 2019

A.2.2. Consideration of Action taken report

A.2.3. To fix the modalities of counselling/mentoring of the students.

A.2.4. To plan different social service activities through NSS and other agencies.

A.2.5. To fix up time schedule and modalities of publication of college journal.

A.2.6. To fix up programme schedule for Graduate Day celebration

A.2.7. To review the Graduate Survey conducted for 2018-19 batch of students

A.2.8. Miscellaneous.

Resolution of IQAC meeting held on 4th September, 2019

R.2. RESOLUTION:

R.2.1. The draft minutes of the last meeting held on 8th July' 2019 were confirmed without any alteration.

R.2.2. Action Taken Report:

Agenda Number	Agenda	Action Taken
A.1.2	To discuss Action Taken Report of the last meeting of IQAC held on 8th July' 2019	No further action needed to be taken
A.1.3	To review the academic program of 2018-19.	No further action needed
A.1.4	To fix the plan for the prospective conduction of seminars and workshops for the academic year 2019-20.	• Institute and the Alumni Association jointly decided to organize seminars/lectures on emerging topics like Artificial Intelligence, Data Structure, Cyber Security etc. • Department of CT decided to organize lectures by distinguished alumni serving high positions in Industries on varied topics viz. Design of Glass Tank Furnaces, Shotcreting, Entrepreneurial Skills, Steel Plant Refractories, Refractories for Aluminium Industries etc. • Each faculty will be requested to give lecture on his research/topic of interest
A.1.5	To adopt strategies for better placement of the students.	• Placement committee has been reconstituted comprising of Advisor to Training & Placement, respective HODs, faculty and student representatives with the object of conducting Mock interviews and preparation of brochure highlighting college profile containing accomplished alumni database
A.1.6	To propose a plan for the Induction program for the new 1st year students joining the College on & from 1st August' 2019.	Induction program was successfully conducted as planned in the previous meeting
A.1.7	Miscellaneous	No further action to be taken

R.2.3. It was decided to form Mentoring groups with 10 students in each group, headed by faculty members, to look after Counselling and Mentoring process and periodically take action according to the need.

R.2.4. It was planned to hold health camps catering to all stake holders of the Institution and the neighbouring inhabitants in association with NSS and the Alumni Association.
Awareness programmes on benefits of Plantation, Save Water, Safe drive-save life, Abuse of drug addiction, Campus cleaning and hygiene etc. were also planned to be organized.

R.2.5. Dr. Saibal Ray was assigned the task of Editorship of the College journal "Scientific Voyage" presently being published in digital mode.

R.2.6. Graduate Day, marked as the day of convocation, was decided to be observed a day before the National Symposium cum Annual Alumni Meet to be held on the last Saturday of January of each year.

R.2.7. All the respective HODs were advised to complete the review process on Graduate Survey within February' 2020.

R.2.8. a) Conduction of summer internship (During summer vacation June-July'2019) of students, including students of other institution, under the guidance of faculty members of the institute was appreciated by the committee.

b) Result analysis of individual departments were carried out to identify academically weak students.

As there were no more matters to discuss, the meeting ended with vote of thanks to the Chair.

Meeting Notice 3 **Date: 20th January, 2020**

In consultation with the Principal, Chairperson of the IQAC of this institution, I am to invite you to the 3rd meeting of the IQAC of 2019-20 academic session on 28th January' 2020 at 3.00 P.M at the College Conference room of the institution to discuss matters relating to academics of the College as per the following:

A.3. AGENDA OF 3RD MEETING

A.3.1. Confirmation of the minutes of the 2nd Meeting of IQAC held on 4th September' 2019

A.3.2. Consideration of Action taken report of the last meeting.

A.3.3. To frame the modalities of improved counselling procedure for the weak students about their performance in the examination.

A.3.4. To review and identify the areas of weaknesses for which enlistment in the published National ranking (NIRF) of up to 200 institutes was not possible.

A.3.5. To enhance interaction with Industry by the department in order to improve the employment potential of our students.

A.3.6. To review the report of the Academic audit for academic year 2018-19

A.3.7. Miscellaneous

Resolution of IQAC meeting held on 28th January, 2020

R.3. RESOLUTION:

R.3.1. The draft minutes of the last meeting held on 4th September' 2019 were confirmed without any alteration.

R.3.2. Action Taken Report:

Agenda Number	Agenda	Action Taken
A.2.2.	To discuss Action Taken Report of the last meeting of IQAC held on 4th September' 2019	Preparation of brochure highlighting college profile containing accomplished alumni database is under process
A.2.3.	To fix the modalities of counselling/mentoring of the students.	Mentoring groups were constituted and teachers were assigned specific duties in this regard
A.2.4	To plan different social service activities through NSS and other agencies.	• NSS programmes were held as planned • Alumni Association has been organizing health camps at regular intervals for the members of the institute and the community around as well
A.2.5	To fix up time schedule and modalities of publication of college journal.	Online quarterly journal is being published on regular basis
A.2.6	To fix up programme schedule for Graduate Day celebration	Graduate Day has been successfully celebrated as planned followed by annual Alumni Meet
A.2.7	To review the Graduate Survey conducted for 2018-19 batch of students	Graduate Survey has been conducted and review is pending
A.2.8	• Summer Internship • Result analysis	• Summer internships for 1st year students and outside students were organized. Students presented their work in the College after the completion of their internship and efforts were initiated for publication of the outcomes in reputed journals/conferences • Few academically weak students were identified, for whom special action was taken on the part of the institute.

R.3.3. It was decided to organize remedial classes for the academically weak students outside the scope of class teaching.
R.3.4. NIRF report sent from the institute for national ranking was reviewed and the following areas of weaknesses were identified:

- No course is at present accredited by the NBA: All departments are advised to make preparation for accreditation process at the earliest
- Inadequate number of Ph.D students: Faculties are advised to encourage scholars for Ph.D registration under their guidance
- No patents: Awareness programme on IPR to be organized for encouraging teachers to file patents against their original work.
- No international award/recognition has been received by the students in the previous year: Students are already being encouraged in summer internship camps so that they become able to participate in various competitions in National and International level which can fetch awards/prizes
- No National/International award/recognition from Central Government agencies has been received by faculty: Faculties are advised to focus on their research and project work in such a manner that they can be bring award at National/International level
- Village adoption could not be done in Unnat Bharat Scheme: NSS unit of the College and the faculties individually may be encouraged to adopt/help a village/community for improvement of their environment/livelihood

R.3.5. Individual departments are advised to make special effort to contact more numbers of industries in order to enhance the employability of the students of the institute.
R.3.6. Academic Audit Committee report has been accepted.
R.3.7. NIL
As there were no more matters to discuss, the meeting ended with vote of thanks to the Chair.

Meeting Notice 4 **Date: 16th April, 2020**

In consultation with the Principal, Chairperson of the IQAC of this institution, I am to invite you to the 4th meeting of the IQAC of 2019-20 academic session on 23rd April, 2020 at 3.00 P.M in online mode to discuss matters relating to academics of the College as per the following:

A.4. AGENDA OF 4th MEETING

A.4.1. Confirmation of the minutes of the 3rd Meeting of IQAC held on 28th January' 2020

A.4.2. Consideration of Action taken report of the last meeting.

A.4.3. To review the status of online interaction of the faculties with students as a substitute for face-to-face classrooms and the mode of future examination procedures in view of pandemic situation and consequent lockdown.

A.4.4. To discuss the summary and recommendation based on the graduate survey.

A.4.5. To apply for NBA accreditation.

A.4.6. To review the Best Practices followed by the institute.

A.4.7. Miscellaneous

Resolution of IQAC meeting held on 23rd April, 2020

R.4. RESOLUTION:

R.4.1. The draft minutes of the last meeting held on 28th January' 2020 were confirmed without any alteration.

R.4.2. Action Taken Report:

Agenda Number	Agenda	Action Taken
A.3.2	To discuss Action Taken Report of the last meeting of IQAC held on 28th January, 2020	A brochure highlighting college profile has been prepared
A.3.3	To frame the modalities of improved counselling procedure for the weak students about their performance in the examination.	Remedial classes have been organized for weak performers, wherever needed
A.3.4	To review and identify the areas of weaknesses for which enlistment in the published National ranking (NIRF) of up to 200 institutes was not possible.	• Individual departments are preparing for NBA accreditation • M.Tech students are advised to further pursue Ph.D • No patents: Awareness programme on IPR to be organized for encouraging teachers to file patents against their original work – No further action could be taken till now • No international award/recognition has been received by the students in the previous year: Students are already being encouraged in summer internship camps so that they become able to participate in various competitions in National and International level which can fetch awards/prizes – Initiatives are on, but it is yet to bring fruitful result till date • No National/International award/recognition from Central Government agencies has been received by faculty: Faculties are advised to focus on their research and project work in such a manner that they can be bring award at National/International level - Initiatives are on, but it is yet to bring fruitful result till date

		• Village adoption could not be done in Unnat Bharat Scheme: NSS unit of the College and the faculties individually may be encouraged to adopt/help a village/community for improvement of their environment/livelihood – Sri Partha Haldar, faculty of Mechanical Engineering has developed an e-commerce website on Silk sarees (www.bishnupursilksaree.co.in) to help the weaver community of East Bankura with the help of college students.
A.3.5	To enhance interaction with Industry by the department in order to improve the employment potential of our students.	Continuous efforts are being undertaken and as a result there has been better internship opportunities and placement of the students
A.3.6	To review the report of the Academic audit for academic year 2018-19	IQAC reviewed the report of Academic Audit Committee and advised to implement the recommendations by the committee (Annexure I)
A.3.7	Miscellaneous	No further action to be taken

R.4.3. To review the status of online interaction of the faculties with students as a substitute for face-to-face classrooms and the mode of future examination procedures in view of pandemic situation and consequent lockdown: -

Academic Activities:

1. Based on the teaching plan of the course, assignments were given to the students covering the topics in the syllabus that would have been taught till April 2020.
2. Adequate hints were given in online mode to help students to complete the task of home assignments.
3. The students were connected through WhatsApp, Email and mobile telephony by the teachers.
4. When it was felt that a portion of the topic in the syllabus could not be understood by the students without hearing the lectures of the teacher, video lectures of that part were prepared and posted for the benefit of the students.
5. The concerned faculty were in constant touch with the students to help them to continue their studies.
6. Faculties were advised to adopt any suitable online mechanism with a view to ensure continuity of study of the students from home and prepare them for semester examination.

7. All faculties were requested to keep the HOD of the department and the principal informed about their actions.

Examination:

It was decided to hold discussions on mode of taking examinations in the next meeting following Government advisories and guidelines.

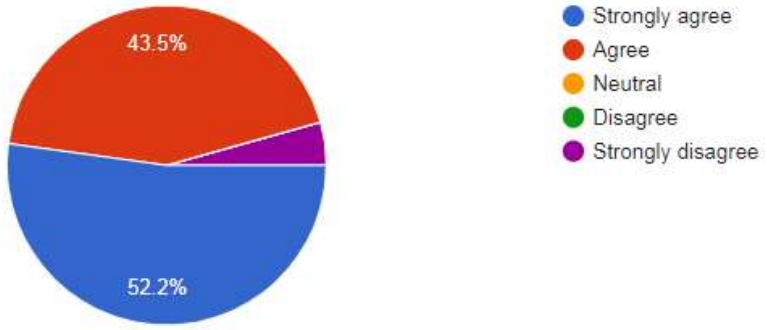
R.4.4. To discuss the summary and recommendation based on the graduate survey:

Graduate Survey was conducted with the students, it was observed that, on an average, more than 70% students agreed to the Graduate attributes as depicted in the PO questionnaires (as per NBA guidelines).

The Graduate survey of 2018-19 batch is as follows:

PO1: I am able to apply the knowledge of Mathematics, Science and Engineering fundamentals and core subjects to the solution of engineering problems

23 responses



Government of West Bengal

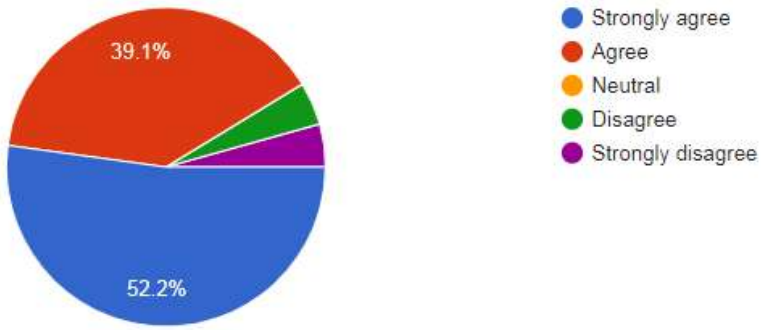
Government College of Engineering and Ceramic Technology

73, Abinash Chandra Banerjee Lane, Kolkata-700 010

Phone/ Fax- (033) 2363 2072, Website: www.gcect.ac.in

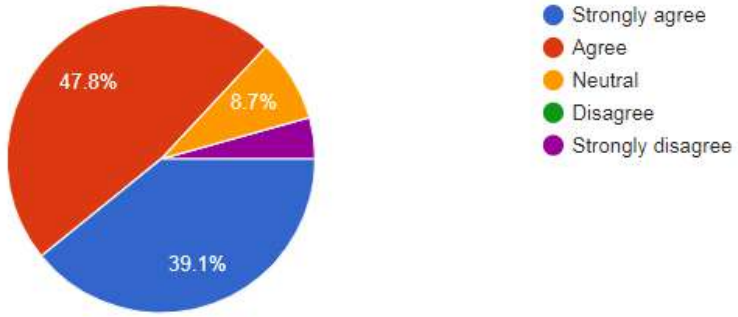
PO2: I am able to identify, formulate, analyse and review research literature for solving engineering problems

23 responses



PO3: I am able to design solutions for engineering problems that meet considerations for public health and safety;culture, environment and society

23 responses



Government of West Bengal

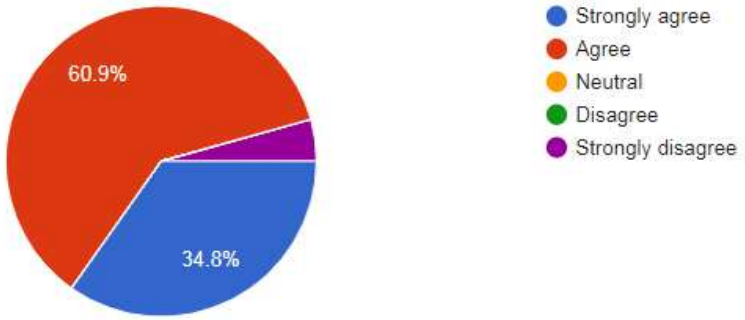
Government College of Engineering and Ceramic Technology

73, Abinash Chandra Banerjee Lane, Kolkata-700 010

Phone/ Fax- (033) 2363 2072, Website: www.gcect.ac.in

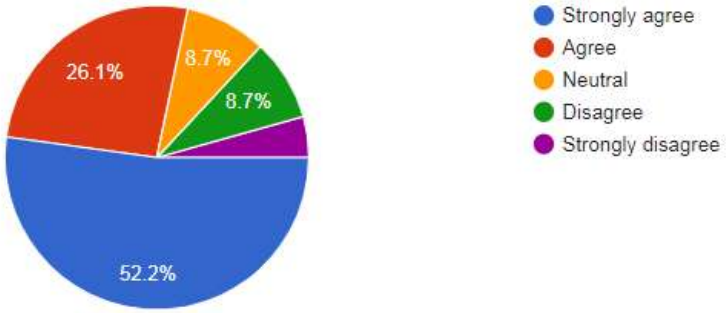
PO4: I am able to apply practical knowledge and methods including design, analysis and interpretation of data to arrive at valid solutions

23 responses



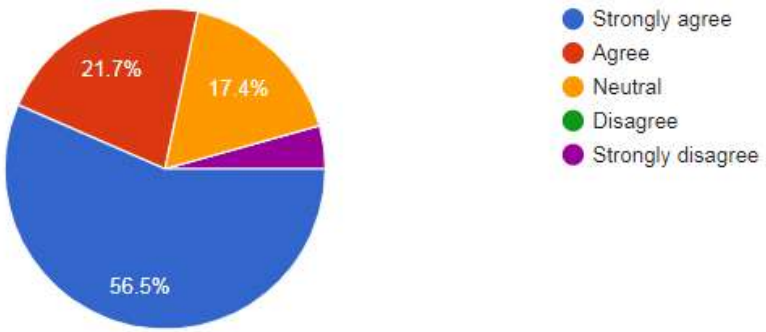
PO5: I am comfortable in handling data and interpreting these using modern instruments handled during the course

23 responses



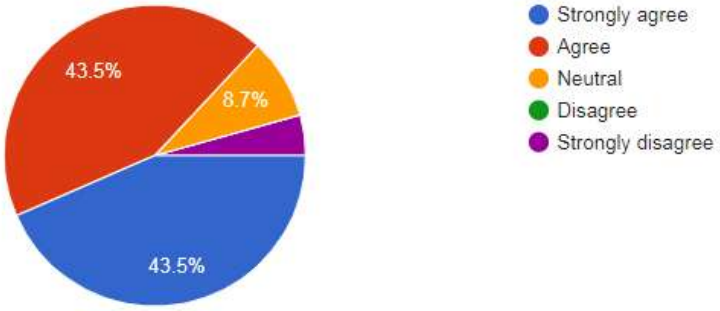
PO6: The course has inculcated in me a feeling of ethics and responsibility towards environment and society

23 responses



PO7: I am able to judge the impact of engineering solutions in respect of sustainability and protection of environment

23 responses



Government of West Bengal

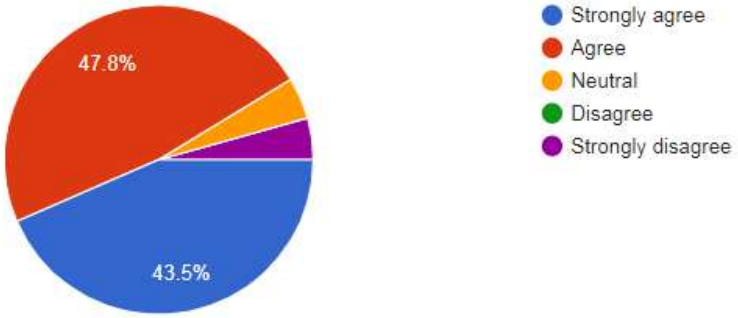
Government College of Engineering and Ceramic Technology

73, Abinash Chandra Banerjee Lane, Kolkata-700 010

Phone/ Fax- (033) 2363 2072, Website: www.gcect.ac.in

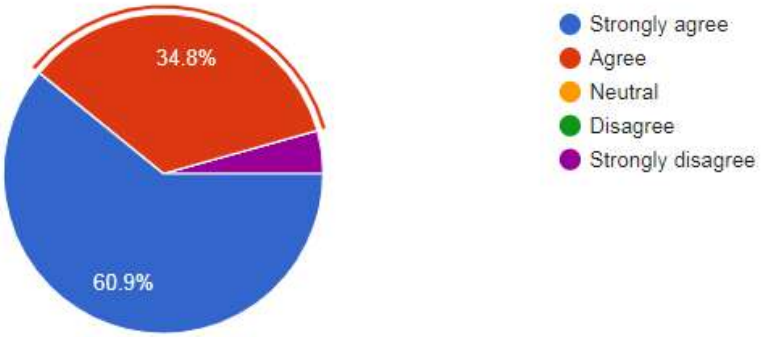
PO8: I am able to follow ethical principles, maintain professional ethics and have learnt to share responsibilities

23 responses



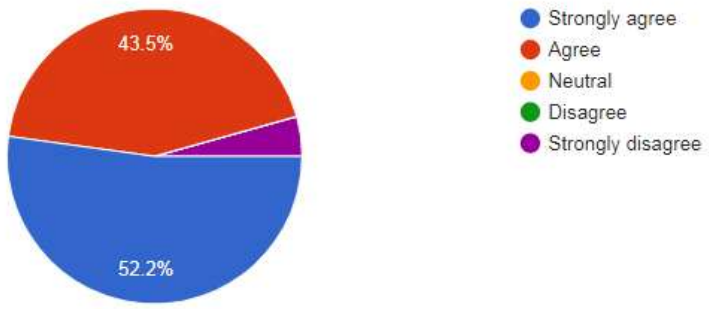
PO9: I am able to function effectively as a member or team leader in multidisciplinary environment

23 responses



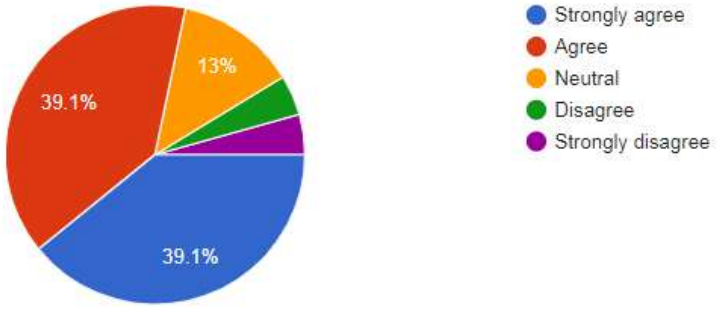
PO10: I am able to communicate effectively while making presentations and writing technical reports and interact comfortably with classmates,teachers and seniors.

23 responses



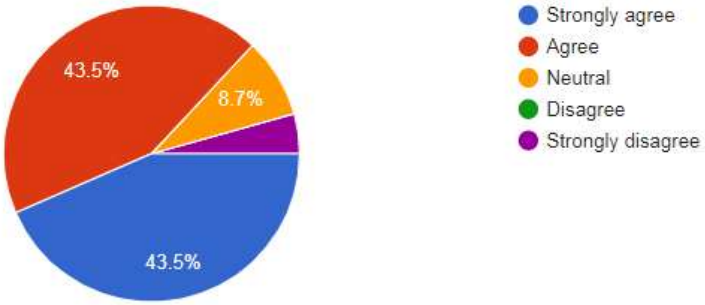
PO11: The course has enhanced my ability to manage projects covering technical as well as financial aspects

23 responses



PO12: The course has increased my inclination towards updating self on modern technology while working in an organisation and/or professional bodies or independently.

23 responses



R.4.5. To apply for NBA accreditation.

Individual departments are preparing for NBA accreditation

R.4.6. To review the Best Practices followed by the institute:

The introduction of the best practice titled, "Establishing maximum transparency in evaluation of answer scripts" has brought down the grievance related to marks obtained and had been very successfully dealt with in the answer script viewing stage to the full satisfaction of the candidates.

The introduction of the best practice titled, "Encouragement for best performance in the examination by making provision of Best Graduate Award" has brought competitive attitude in the mind of the students.

R.4.7. Miscellaneous:

NIL

As there were no more matters to discuss, the meeting ended with vote of thanks to the Chair.

ANNEXURE I

Academic Audit Report

(July 2018 to June 2019)

Background:

The academic audit Committee of Govt College of Engg and Ceramic Technology has been constituted in October, 2012 to consider and review the Institute's mechanism for monitoring and enhancing academic quality and standard necessary for achieving their stated aims and objectives. Since its formation, the committee has administered academic audit for each academic year.

Process of audit:

The process of audit requires a self-review in which the Institute evaluates its progress towards achieving its objectives related to the areas of the audit and identifies areas for improvement.

The committee holds meeting in the beginning and end of each academic year to discuss details of intended plans and strategies with respect to enhancement initiatives and assess the measure practised during the academic session.

The audit panel comprises of head of Departments, selected members of faculty and external members. The panel visits the departments to check and verify the academic practices laid down by the committee for evaluation and drafts an audit report. The report commends good practice and makes recommendations intended to assist the Institute in its own programme of continuous improvement of quality. The audit report is put up to the Internal Quality Assurance Cell (IQAC) for monitoring and follow up activities.

Areas of Academic audits:

1. **Infrastructural Development:**
   a. The Institute has five (5nos) Smart Class rooms with wall mounted projectors, smart board and interactive system.
   b. All other class rooms are functioning with Projector facility.
   c. Boys' Hostel is functioning fully accommodating 30 students.
   d. The College campus including class rooms and laboratories are under CCTV surveillance.
   e. On-line grievance redressal portal is established in college website to comply with mandatory requirements of AICTE.
   f. Institute is a local chapter of NPTEL.
   g. Institute has procured lectures in digital form on different subjects delivered by prominent teachers of Premier Institutes, to be accessed by the students in the library.
   h. Fully automated student management software is functioning.
   i. This Institute has spent Rs. 53, 87,991/- for upgradation and modernisation of laboratories of different departments during the academic year 2018-2019.

Commendations:

(1) The panel commended the Institute for creating nice ambience with smart class room, CCTV surveillance many others for a congenial academic environment.

(2) Panel appreciated the Institute's approach of paradigm shift from traditional process of admission, attendance etc to on-line process.

Recommendations:

(1) The committee recommended inclusion of more smart class rooms to cater ICT enabled teaching-learning process.

(2) They also recommended creation of girls' hostel to accommodate girls students coming from different parts of the state.

2. **Teaching – Learning:**

a. All teaching –learning process are through ICT and outcome based.

b. Industrial training is mandatory in the curriculum to expose students in industrial set up.

c. Seminars and workshops are organised on the different relevant topics inviting experts from industry and academia to upgrade students with cutting edge technology.

d. In line with AICTE model curriculum 2018, the Institute has organised three weeks Induction Programme comprising of inspiring lectures, industry visits, lectures by industry experts, entrepreneurs, social activists, psychologists to groom the new entrants to enthuse them to be responsible global citizens.

e. Remedial classes are arranged for slow learners.

f. Students are mentored at micro level by tagging each faculty to a small group of students. This Institute also has a provision of structured student counselling in a periodic manner through professional counsellors.

g. This institute gives more emphasis on continuous evaluation of students both in theory of sessional paper through seminars demonstration, assignments, micro teaching, flip teaching, disruptive teaching etc.

Commendations:

The panel praised the Institute's initiative to holding Induction programme to orient the young minds of fresher with the engineering system and acclimatise them with the new outcome based education system as per NBA guide lines.

Recommendations:

(1) The committee recommended inclusion of more industry oriented elective paper in final year UG programme after receiving suitable feedback from Industry.

(2) They also recommended a provision of credit transfer for final year UG student while they are engaged in internship in different industry in our country and abroad.

3. **Curriculum reforms:**
   a. As per AICTE Model 2018, the Institute has offered two different programmes in UG level viz. B.Tech and B.Tech (H)
   b. The Institute also gives more emphasis on MOOCS and made provision in their curriculum for conferment of B. Tech with Honours degree. A student has to earn 20 additional credits through MOOCS over and above all the existing courses taught in the college for conferment of Honours degree.
   c. Course curriculum has thoroughly been restructured from 2018-2019 academic session and restricting the total credit to 160 conforming to AICTE model 2018.
   d. All laboratory classes have been made sessional in the new curriculum and they are to be evaluated through continuous assessment comprising of experiment conduction, note book writing, viva, attendance, skills etc.
   e. There is a provision of assessment of students' performance in lab paper through a panel of external experts of respective field in the name of comprehensive Lab assessment in each semester.
   f. The new curriculum gives more importance on industry driven elective papers based on the feedback of employer, alumni and other stakeholders.
   g. There is a provision for mandatory course on social justice, environmental awareness, right to information in the course curriculum of the Institute.
   h. All courses are framed mentioning the objectives and course outcomes.

Commendations: the committee appreciated the Institution's prioritising continuous evaluation system introducing 50 percent weightage to it.

Recommendations: The panel recommended inclusion of more on-line courses and encourage students to upgrade themselves with cutting edge technology where necessary experts are not available in the Institute.

4. **Evaluation Process:**
   a. To bring transparency in evaluation system, students are allowed to view their evaluated answer script of semester end and midterm examinations before publication of final result.

b. As a part of continuous internal assessment two (2) midterm examinations are held during each semester.

c. From academic session 2018-19, grading system are converted to CGPA from old YGPA/DGPA system to keep pace with all India system of grading.

d. To improve quality of education and level of competence of students, minimum qualifying marks of both theory and sessional items have been raised to 50%.

e. Extreme confidentiality is maintained in respect of setting question paper as one set out of two submitted by paper setter is arbitrarily chosen by the Chief Controller of Examinations.

f. The question papers are set adhering to the course objectives of the particular course for onward mapping of direct attainment of course outcome.

Commendation: The panel appreciates the Institute's approach of viewing evaluated answer script to the students before the publication of final results as a unique measure of transparency in evaluation system.

Recommendation: The panel recommends changing the pattern of question paper as per NBA guidelines.

5. Students' performance:

The results of the 1st and 2nd semester are given in a pie chart as **Annexure –1.** The feedback of students about cause of failure in 1st semester examination held in December, 2018 is displayed in **Annexure-2.**

Commendation: The committee found that performance of students in 2nd semester is much better than that in 1st semester. This is perhaps due to the strict enforcement of new academic regulation which compulsorily made the students much more attentive and regular in class. As a result they started performing much better in examinations (both mid semester and end semester).

Recommendation: Based on critical analysis of students' feedback of unsuccessful candidates, the panel recommended arranging classes for betterment of their English communication skill.

6. Research

Research Committee

i. Review of research projects of faculty: A good number of projects are sanctioned to faculty of each department. Main sponsoring authorities are Department of Sc and Technology (DST, Delhi); University Grants Commission (UGC, Minor and Major); Department of Sc and Tech (DST, WB).
ii. Research students and research supervision: Eight research fellows are working in this Institute under different Govt. Sponsored projects. Six faculty members are guiding these fellows.
iii. Provision of space and resources to post graduate and PhD students for research work:
iv. Participation of students in seminars, conferences and publication of papers.

Final year students and third year students were allowed to attend conference and presented their research work.

Commendation: The committee appreciates the research activities undertaken at the Institute level and the output there from in respect of publications, awards, presentation in conferences. They also commend the Institute's intention to encourage the research interest amongst faculty and students.

Recommendation: The panel encourages faculties to complete their Doctoral degrees and encourages students to involve themselves in research.

Acknowledgements

The audit panel thanks all those who contributed to the Institute's self-assessment process and compilation of the self-assessment report. The panel is most grateful for the openness and frankness of who spared their time to appear before the panel and for their constructive comments and observations.

Audit Panel:

Dr. Sankar Ghatak (External Member)

Head of the Department – Ceramic Technology
